

Special edition of the LVC e-newsletter for alumni, parents, and friends

CLICK FOR CAREER CONNECTIONS

Are you willing to give some time to LVC students and fellow alumni? Would you like to share your skills and knowledge of the workplace? LVC is revamping Career Connections! This new network is an online resource with career advice just a click away! The online database is searchable by job description and allows alumni to post jobs, internships, and externships. As a mentor you can: help develop a clear perspective about career fields, provide information about a particular company, organization, or geographic area, offer advice about the best methods for entering a career field, and offer advice for résumé development and networking. For more information or to become involved, please visit
